

**Arizona Report of Public Agency Performance on
Suspension/Expulsion Rates for Students with IEPs**

Indicator 4A: Suspension/Expulsion Rates

Percent of public education agencies (PEAs) that have a significant discrepancy in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs.

Measurement

The percentage is the number of PEAs that have a significant discrepancy in the rate of out-of-school suspensions and expulsions of greater than 10 days in a school year for children with IEPs divided by the number of PEAs in the State, times 100.

Data

The data are from school year 2010–2011. A PEA has significant discrepancy when its suspension/expulsion rate greater than 10 days for students with IEPs is 5.83% or greater. There must be at least 50 students in the denominator of a suspension/expulsion rate for that PEA to be flagged as having significant discrepancy. The denominator represents the overall special education enrollment at the PEA.

PEAs that are listed with an asterisk (*) suspended students with IEPs at a rate $\geq 5.83\%$ but:

- The total number of students with IEPs enrolled was less than 10, or
- The total number of students with IEPs suspended was less than 10.

In these instances, the data are not reported to ensure confidentiality.

PEAs that are listed with a number symbol (#) suspended students with IEPs at a rate $< 5.83\%$ but:

- The total number of students with IEPs enrolled was less than 10, or
- The total number of students with IEPs suspended was less than 10.

In these instances, the data are not reported to ensure confidentiality.
